

Best Buds Deserve Better

Your safety is not optional, it's your right!!

Every day, cannabis workers like you face dangerous conditions that put your health and safety at risk:

- **Powdery mildew** and **black mold** in grow rooms
- **Water pooling in elevators** and **exposed wiring**
- **Uneven floors** and **unstable shelving made from PVC pipe**
- **Improper chemical handling** – mixing bleach and ISO alcohol can create **toxic gas**
- **Roach infestations** and **poor cleaning procedures**

These are not just workplace annoyances – they are serious hazards that violate basic safety standards.

You have the right to work in a clean, safe, and respectful environment.

You have the right to speak up – together!
